

HAVEN ATL

OUR MISSION

Haven ATL is a cohesive program that helps transition women who have fallen victim to Commercial Sexual Exploitation, by empowering them to live a healthy and sustainable life.

OUR VISION

We want to see the city of Atlanta free from Commercial Sexual Exploitation and the damage it causes to communities, families and individuals.

OUR PROGRAM

In order to further the fight against human trafficking, Haven ATL was created in the Pittsburg community of Atlanta, a known hub for commercial sexual exploitation, in the summer of 2011. We are a trauma-informed drop-in center that primarily provides services to young women over eighteen years of age, who have faced commercial sexual exploitation. Haven ATL is dedicated to serving women with consistent support, unfailing love, and wants to provide resources for positive change.

HAVEN ATL

What is a Drop-in Center ?

A drop in center is a place of rest for those who have an emotional need for a safe haven. The drop-in offers safety to victims and survivors and allows them to make their own choices. It is a place that provides a linkage between resources and other necessities needed to survive life's various challenges.
